What is MissionMakr?

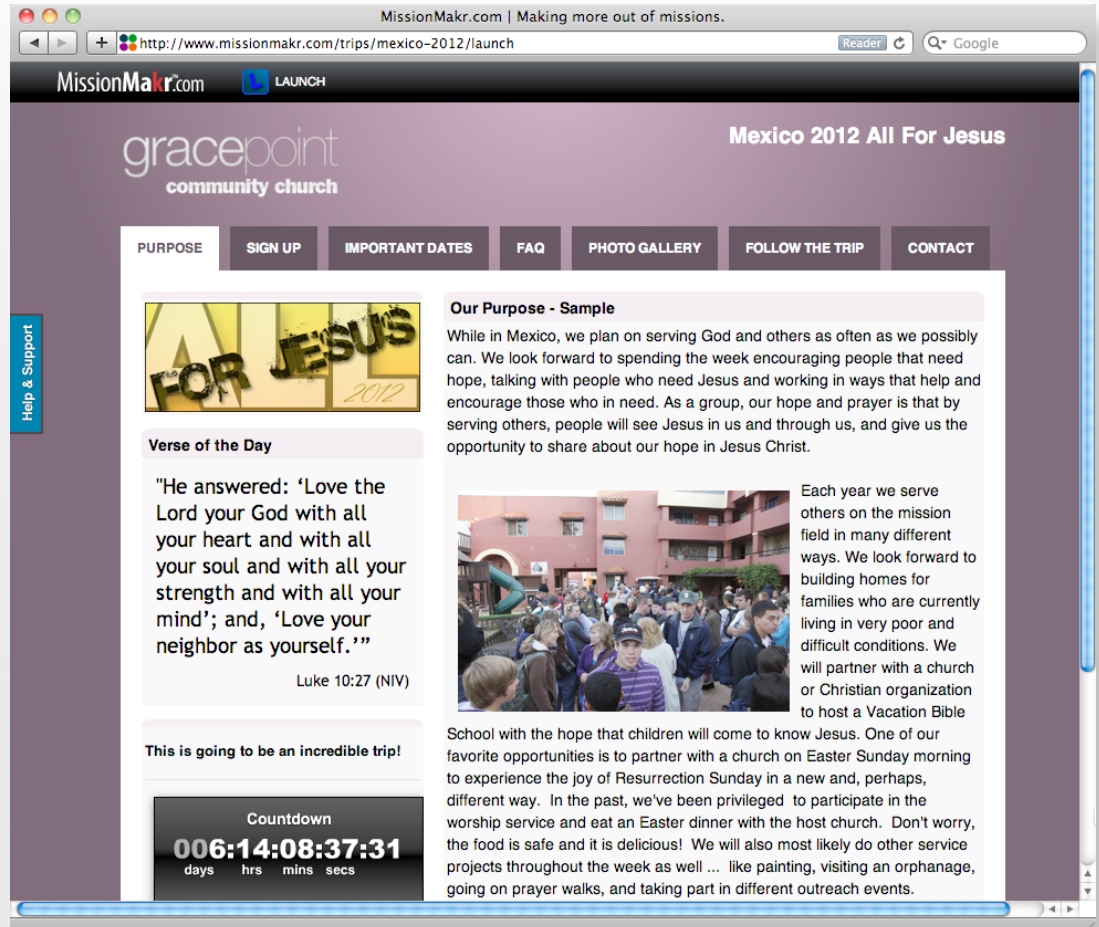

We're a web-app that lets you create your mission trip online. Yep, you create pages (or use our templates) and then add content to your pages using our 20 drag-and-drop widgets (simple ... drag and drop).

We solve the challenges of communication.

The 4 phases (Launch, GearUP, GO! and Tell) help you connect with the right people at the right time during the lifecycle of your trip. The best part is you do it ... no programmer needed. No waiting for your web person to "update the site. Plus, we tie right into your existing church website with our trip badge (hey, it's not about us ... it's about your church and what you're doing in missions).

Click to see the Trip Badge in action!

"Thanks a ton for all of your help! We are already in a better place with trips this year than we ever have been before!"

- Brad Steele, lcbc.org

"MissionMakr helps us communicate with our whole church ... every step of the way! This is a great tool for us!"

- Shelly Walker, Shelter Cove Community Church

"The interface is straight forward and easy to use. You can add content (photos, video, links, Word documents, PDFs etc, move them around, hide them (for stuff you're working on) ... it just works. I give it 4 out of 5 stars!"

- Dave Abbey, Calvary Chapel, Modesto
